Reorganizing our Fraps Archives a bit, as to not have a neverending list in one page, but rather split into sections by what division of raid tier the content applies to.

This section, being the second raid tier of the Cataclysm Expansion, obviously holds movies from Firelands.

Enjoy!

First, this is a video from us dealing with Volcanus, for the work on Meldrith's Legendary Staff; [Dragonwrath, Tarecgosa's Rest](#) .
